A remarkable appeal has been addressed to the Powers of Europe by Secretary of State Hay, protesting against anti-Jewish conditions in Roumania. The call for action is based on the violation of humanitarian principles by the Balkan States and on the ground that the United States is afflicted with undesirable immigrants by reason of Roumania's mistreatment of the Jews.

The new Iowa corporation, the Chicago, Rock Island and Pacific Railroad Company, is held by Attorney General Muller not to be contrary to public policy, in the legal sense. Gov. Cummins says that it is neither a merger nor a consolidation, but simply a device for watering stock.

Little shipment of gold from London to the United States is expected at any early date. All American obligations are being met with October coupons of American stocks. It is regarded as easier for America to take gold from Australia than to buy it in London.

uit Attorney Folk's request has asked the Municipal Assembly to appropriate \$15,000 to be used in investigating charges of bribery against members of that body. The President left Oyster Bay yesterday morning on his Western tour.

Judge James D. White, of the Court of Appeals, yesterday denied the motion to dissolve the injunction granted by Circuit Judge Field to restrain the Southern Athletic Club and others from conducting a glove contest, or prize fight, in Louisville next Monday. The full court, with the exception of Judge Paynter, sat with Judge White. A majority of the six Judges held that the proposed contest was to be a prize fight. The Judges were equally divided on the question whether Judge Field had the power to restrain the fight by injunction. This equal division had the effect of sustaining Judge Field. Judges Guffy, White and Barnum held that he did not have such power, and Judges Duffelle, Hobson and O'Rear were of the contrary opinion. Speaker Henderson's refusal to

accept the Republican congressional nomination in the Third Iowa district is attributed in Dubuque not merely to a difference of opinion with his party supporters on the tariff question, but also to a fear of personal campaign and a possibility of Democratic victory. It is said that all of the committeemen in his district told him of disaffection in their counties because of his position on the tariff.

Those who register estimates within the dates specified in the advertisement published elsewhere in this paper stand a chance of securing these special prizes without regard to the main list. Then if the winning estimate in one of these is the nearest correct of the entire contest, the big prize of \$10,000 goes along with it. Or, in the same way any of the minor prizes of the general contest.

An estimate is given free with each advance payment on subscription to the BIG SANDY NEWS, or three estimates for each one dollar without subscription are allowed to those subscribers who secure one or more estimates with subscriptions. The special prize offer now in force expires Aug. 15th. Don't fail to get in some estimates on it.

WINIFRED.

Clara E. Daniel, the 14-year old daughter of Henry Daniels, has had typhoid fever for 25 days. The fever has abated and she seems to be in a fair way to recovery. Dr. P. P. Meade, of Flat Gap, waited on her and has treated the case extremely well.

There is considerable sickness in this section, especially pneumonia among the children.

Mitchell, one of W. H. Ross' twin boys, has pneumonia. Robert Ross' children are sick also.

Aunt Angelina, wife of uncle Stephen Ross, has been ill for several days.

We have to chronicle the death of one of our neighbors, Mrs. Martha Wheeler, wife of B. R. Wheeler, of Winifred. She departed this life quite suddenly on Friday, the 15th of this month, at her home. She had been in feeble health for some time, and was thought to be as well as usual that morning, but in quite a short time it seemed the death angel called and she must obey. We will say to the bereaved ones: Weep not for her, she is not dead, but sleeping, for some years ago she professed a hope in Christ and united with Liberty Baptist Church at Denver, and lived a Christian life till the time of her death. She leaves a husband and two children to mourn their loss. Sorrow making, fiddle pulling and corn cutting seems to be the order of the day.

This has been a remarkably dry season with us, there having been very little rain the entire season. Our ground has been thoroughly wet but one time since early in the spring, so our corn is light, fodder drying up late corn very light, pastures very bare, and water in many places is quite scarce.

We notice that where there are oak trees there is mast which will help us ever so much. Greenville Wheeler, of Nehemiah, was a visitor of his father, Daniel Wheeler, yesterday.

William Sagraves and wife, and Daniel Payne and daughter, were guests of Henry Daniels and W. H. Ross yesterday.

Noah Williams and granddaughter, of head of Mud lick, visited W. H. Ross yesterday.

H. S. Williams, of Red Bush, visited Joseph Ross and Henry Daniels Saturday night.

In our last letter you have W. F. Diamond instead of W. E. Daniel as one of the young men who went west.

We hope to see Frank Hopkins and J. N. Kehoe elected by handsome majorities in November.

Scribo.

Give frequent small doses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment externally to the throat. 50c at A. BIG CREEK, FLOYD COUNTY.

Quite a number of young folks attended the meeting on Sunday at creek Saturday night and Sunday. Jake Collins and little daughter, who have been very sick, are no better.

Nearly everybody is through fodder saving.

Quite a crowd of young folks passed through here Sunday paw paw hunting.

Jim Clark called on the widow Scott Sunday.

Jim Simpson passed up this creek last week on his way home from town.

Will Harold has taken his mule team and gone to work on the N. & W. railroad.

Maggie Burchett called on her mother Sunday.

T. J. Setser visited his cousin, Lewis Burchett, last week.

We had a good sermon last Sunday by brother Lockard.

We had a good rain last week which was badly needed.

Nasal CATARRH

In all its stages there should be cleanliness. Ely's Cream Balm cleans, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. It is so easy at drug stores or by mail. Try it. ELY BROTHERS, New York.

### Democratic Ticket.

FOR CONGRESS  
JAMES N. KEHOE,  
Of Mason County.

Democrats must not sleep their opportunities away this fall. It behooves every one to be at his post.

This district never before had a Congressman who gave such close attention to the interests of Big Sandy river as has Congressman Kehoe.

Editor C. M. Meacham, of the Hopkinsville Kentuckian, won the prize of \$50 at the Cincinnati Fall Festival Wednesday, Editors day, for the best essay.

With F. A. Hopkins and James N. Kehoe in Congress, Big Sandy will have a most effective vigilance committee to guard her welfare. Able, honorable, sober, industrious, faithful representatives of the great common people—both of them will be all of this. What more could a people ask—and what less would they be satisfied with?

General Superintendent Machen, of the free delivery system, estimates that between \$11,000,000 and \$12,000,000 will be required for the rural free delivery service in the next fiscal year.

Congressman Kehoe is ready to secure free mail delivery for the country surrounding Louisville whenever the necessary petitions are presented to him. This system provides for the delivery of mail every day to the country people at their homes.

At Bellaire, Ohio, last Friday, J. D. Deffenbaugh, the principal of the public school, compelled eight white girls to kiss three negro girls who were attending the same school. The children had been quarreling and this was the punishment inflicted by the apology-for-a-white-man who was placed there to educate them. Three of the white fathers whose little daughters were thus outraged, wanted to whip the low-bred principal and should have been allowed to do so. Although this occurred in Ohio, where a majority of the voters have placed the curse of mixed schools upon their children, indignation ran so high among the whites that the school board assembled and demanded the resignation of the white-skin but black-hearted black-head.

The innocent little victims, who went to their homes crying and almost heartbroken, are to be pitied; and so are their parents unless they are of the number that vote for unscrupulous politicians who, as a party expedient, thrust the mixed school laws down the throats of the public. No sympathy is due any except those who fight this great evil with all the means at their command.

The educated ass who was elected to train the children of Bellaire for their future careers does not deserve all the censure for this incident, nor the greater part of it. He is a progressive fob. Taking the laws of social and educational equality enacted by his masters, he goes a step farther and brings the children at one bound to that degree of familiarity which the association in mixed schools will ultimately bring about between the races. For this he doubtless expected to receive the approval and perhaps the applause of the mixed schools advocates for the short cut he had taken to the goal.

This is a white man's country and should be a white man's government, with the blood of the race kept as pure as possible. Universal mixed schools would more certainly degrade intellectual and moral standard of our nation than anything else that could be adopted, because it would result in intermarriage. The color line, as well as many other important lines, would be destroyed. The standard of this country, by the

Wm. Barnard died yesterday from some mysterious cause and with intense suffering. He was a hard worker and a good neighbor. Mrs. Laura McWhorter has returned to her home at Central City. Mrs. Rash Blankenship is on the sick list. Mrs. Lindsey Waller is suffering from neuralgia. Miss Ida Brannan visited Mrs. O. S. Lora last week. We are informed that the mill on Fuller Branch blew up, but no one was hurt. Mr. and Mrs. Johnson visited her father, R. M. Carnute, Sunday. Jay Copley went to Williamson last Friday. This, too, should be stopped. The negroes should be educated and gradually brought up to as high a standard as they are capable of reaching, but it is better for them, as well as for the whites, that the schools be forever kept separate.

### KETURAH.

We saw a sketch in the News headed Wit and Wisdom. The first was "some men think they are up to date when they are only full of prunes." We want to modify that and say that in our country some men think they are up to date when they are only full of whiskey. My God! the great whale of our country is swallowing Jonah after Jonah; and if he vomits them all out upon the dry land and they all go to Nineveh to preach there will be more preachers in Nineveh than in all the world beside.

The race of commonwealth's Attorney in this district is between G. W. Goad, of Morgan county; John Gray, of Elliott county; and Mr. Waugh of Carter county. They are all young lawyers and lifelong Democrats. The county conventions have been called for October 15 and the general convention for October 20.

West Liberty, Kentucky, Sept. 22.—The store of M. M. Redwine, of Sandy Hook, Elliott county, was robbed Saturday night. The safe was blown open and robbed of \$600 in cash. Mr. Redwine was away from home at the time. No clue.

On Saturday night the store and dwelling of Gay Williams, eight miles from this place, was burned. The store was robbed and set on fire. Loss \$2000. No insurance.

West Liberty, Ky., Sept. 16.—The Baptist school seems to be a certainty, as \$4,800 has been subscribed and only \$5,000 is required to secure the location. The committee will be notified this week that the required amount has been raised and work will not begin before spring. This school is badly needed at this place. There has not been a schoolhouse here for three years. The building was burned three years ago and has never been rebuilt.

Campton, Ky., September 22.—The case of the Commonwealth against Tom Cockerill for the killing of Ben Hargis, which was transferred to this county from Breathitt by Special Judge Julian, was called yesterday and continued until the 20th of next month. A special term of the court will be held to try the case. Judge Redwine refused to try the case, and Judge Julian of Frankfort has been appointed by the governor as Special Judge to hold the call term of court.

Jackson, Ky., September 22.—As the result of a quarrel between two boys near Callahan's store, on Long's Creek, this county, Gordon Denton was instantly killed, Harrison McDaniel and "Dutch" Burton, probably fatally wounded, and Will Burton, Bud Thompson and Rhodes Hall slightly hurt. Eight or ten men and boys were on their way home from a mill when two boys became involved in a fight over a trivial matter. Others joined in, pistols were drawn and the fighting became general. Alex. Riley has been arrested charged with the killing.

The Court of Appeals has affirmed a judgment of the Magoffin Circuit Court in the felony case of John W. Howard against the Commonwealth. Howard was convicted in the court below of man-

slaughter and given a sentence of ten years in the State penitentiary. On the 4th of February last the appellant Howard shot and killed Fred P. Stiner, a boy eighteen years of age. The killing took place at Salyersville. The case was appealed to the court here on the instruction of the trial Judge. The court holds that there were no errors in the court below.

Miss Maude Lockwood, died at the home of her aunt, Mrs. A. N. Bagby, at Huntington, Thursday morning at 7 o'clock, of consumption. She had been in Huntington since July 1st, taking treatment.

She was a daughter of "Pick" Lockwood, a well-to-do farmer who lives eight miles above Catlettsburg, on the Big Sandy division. She was about 21 years of age and until a year ago was apparently very strong and healthy. Consumption then began to tell upon her and she steadily declined in health. Miss Lockwood was very popular in her circle of friends, and her death sorely grieves them.

The interment took place at the family burial ground near the Lockwood home.

Vanceburg, Sept. 22.—This morning the preliminary hearing of Wm. M. Scott, charged with murdering C. C. Beard on the evening of July 8, occurred before Judge Lee. Considerable excitement prevailed. Nearly 100 witnesses were sworn. Mrs. Beard, the widow, was the first witness called to the stand. She stated that at about 6 o'clock on the afternoon of the 8th of July she was in the barn. Then she heard her husband scream. Running out, she saw her husband lying on the ground and Scott making off around a clump of bushes. The dying statement of Beard was that while unheeding his horses he heard a voice call "Halt." Looking out he saw Scott in front of him. The gun leveled, Scott fired, sending a load into Beard's left groin and lower bowels. He died before the doctor could reach him.

A most deplorable affair occurred at Catlettsburg on Thursday evening of last week. Lottie, the little daughter of Ben Williamson, Sr., age about 12 years, was shot and seriously wounded by a pistol ball fired by Chas. Stone, son of Nat. Stone. The ball passed entirely through the child's face, knocking out six teeth and cutting through the tongue near the base of roots. For a day or two it was thought the child could not live, but she is now better and in a fair way to recover, although she will be disfigured for life. The jaw bone was fractured. The ball passed on and struck little Cora Mahan over the heart, inflicting a very slight flesh wound. The force of the ball was about spent, else this little girl would have been instantly killed. Stone was shooting at a man who, he claimed, had insulted his wife. The little girl was playing in Scott's yard with a number of others.

Stone was indicted by the grand jury and is now out on bond in the sum of \$2500. The little girl is not a daughter of the hardware man, as many suppose, but of his uncle.

The Catlettsburg Press says: The Northern Coal and Coke Company, which was recently organized for the purpose of the rich coal lands of eastern Kentucky, has begun the erection of a mammoth coking plant at Elkhorn, on Elkhorn creek, in Pike Co., where the company's mining operations are to be carried on on a large scale. Several hundred men are already at work at Elkhorn. The coal deposits which outcrop along Elkhorn creek are of the finest quality. The experts who have tested it declare that there is no better coking coal to be found in the country.

The lines of the Chesapeake and Ohio and the Seaboard Air Line railroads, which are now being constructed through the Big Sandy Valley will eventually tap this rich field. Four thousand men are at work between Pikeville and the head of Elkhorn creek and about one third of the way has been graded.

The Lexington & Eastern railroad, whose present terminus is at Jackson, Kentucky, has also surveyed a line from Jackson into this region, and construction work will be commenced shortly. This extension will connect at Pound Gap with the line that is being built along Elkhorn creek by the Northern Coal and Coke Company.

The following will be of interest to the friends of Rev. E. B. Jones, formerly pastor of the Prestonsburg M. E. Church, South:

At the residence of the bride's father, F. R. Warner, of Garfield street, this city, last evening, Rev. E. B. Jones and Miss Mary E. Warner were united in marriage by Rev. J. C. Thomas, presiding elder of Spokane district. Rev. and Mrs. Jones will not begin housekeeping till after the session of the East Columbia conference, which convenes at Milton, Ore. Rev. E. B. Jones is the popular pastor of Galloway M. E. Church South of this city. Miss Mary E. Warner has been a very popular, successful school teacher of Unadilla county, and has resided in this city for some time. Miss Warner is a native of Vermont, and she moved to this city, with her father, when a child. Rev. Jones

bers and relatives of the family in  
that county. Besides hundreds of  
them in adjoining counties—not a  
few of whom are in this city and  
community. In numbers the Ad-  
kins family in Wayne can easily  
outnumber the Smiths, the Joneses  
the Browns, combined, hence the  
gathering will no doubt be the big-  
gest one ever held in the county.  
There is to be a basket dinner  
provided by those in the immediate  
neighborhood who will see that  
those from a distance are provided  
for. Most of the Adkinses in  
Wayne are well to do people and  
will see to it that it will be a feast  
of fat things to their numerous  
kinsmen.—Huntington Herald.

Within the past few days Pitt  
and S. Floyd Hord, of Ceredo,  
have brought suit in the Circuit  
Court of Wayne county against  
the Huntington and Big Sandy  
Railroad Company, the Ohio River  
Railroad Company and the Balti-  
more and Ohio Railroad Company  
for \$10,000, claimed as payment of  
the right-of-way of the Hunting-  
ton & Big Sandy railroad, which  
was built through their lands in  
Ceredo in 1890.

They allege the Huntington &  
Big Sandy Railroad Company  
agreed to pay \$10,000 for the right-  
of-way when the road was con-  
structed and afterward leased their  
road for ninety-nine years to the  
Ohio River Company, which in  
turn sold out to the B. & O., and  
they have not yet been paid for  
the right of way.

Both sides have the very best  
of legal talent and no doubt the case  
will be hotly contested from start  
to finish.

The Supreme Grand Lodge of the  
Mutual Protective Association  
known as the "Mules" elected the  
following officers for the ensuing  
year. Nelson Klalber of Garner, Su-  
preme Past Grand Counselor; W. E.  
Duvall, of Denton, Supreme Grand  
Counselor; M. J. Jordan, Olive  
Hill, Supreme Treasurer; John  
Chaffin, Wayne, W. Va., Supreme  
Vice Counselor; Jerome Duxall,  
Denton, Supreme Secretary; W. C.  
Mowery, Wurtland, Supreme In-  
side Sentinel; William Martin,  
Ceredo, W. Va., Supreme Outside  
Sentinel; G. W. Howe, Pollard,  
Supreme Chaplain. The 1903 ses-  
sion goes to Wayne, W. Va.

Among Conley's new books are:  
"Dorothy Vernon," "Audrey,"  
"Dorothy Kingsley," "Graustark"  
and "The Crisis," at \$1.25 each.

## Kehoe to Speak at Louisa.

Congressman James N. Kehoe,  
the able representative of the  
Ninth district, will speak at the  
court house in Louisa on the third  
Monday in October, at one o'clock  
p. m. Every voter in Lawrence  
county is invited to hear him dis-  
cuss the great issues of the day.  
He is able to elucidate the knotty  
questions of the hour and all should  
hear him, whether they agree with  
him in politics or not.

## G. A. R. ENCAMPMENT.

On account of the annual en-  
campment, G. A. R., Washington,  
D. C., Oct. 6 to 11, 1902, the C. & O.  
railway will sell excursion tickets  
from any point on the Big Sandy  
division to Washington city and  
return for \$10. Tickets on sale  
from Oct. 3d to 6th, good returning  
till Oct. 14. May be extended to  
Nov. 3 by depositing ticket and  
paying 50c fee.

## The Lawrence County Fair.

There is no longer any doubt  
that our fair today and tomorrow  
will be by far the most successful  
ever held in the county. The pre-  
mium list is much more attractive  
and covers a wider range than ever  
before. The interest manifested  
in advance is greater than ever be-  
fore.

The revised and completed list  
of premiums is printed on another  
page in this issue of the News, and  
all who are at all interested should  
read it again.

We hope to see greater interest  
than heretofore in the discussion  
of farm topics.

## Railroad News.

The three miles of N. & W. rail-  
road construction from the govern-  
ment property in Cassville to Har-  
ricane has been contracted to Sav-  
age & Houston, of Ashland, who al-  
so have six miles below there.

At Round Bottom the N. & W.  
line runs over the river bank  
where it has been breaking badly,  
and it looks like a difficult task is  
in store for the company in keep-  
ing a roadbed there. This location  
was necessary in order to avoid a  
sharper curve than the maximum  
established for this line.

Two tunnels are being built on  
the N. & W. between here and  
Naughtuck. Both were made nec-  
essary by sharp bends in the river.  
One of these tunnels is 4,000  
feet long, but it saves a considera-  
ble distance and gives a straight  
course instead of a sharp curve.

The contractors up the N. & W.  
above here are unable to get many  
needed supplies, on account of the  
low stage of the river.

The Seaboard Airline engineer-  
ing corps that has been at work  
along Tug river for several months,  
is now three miles above here.  
They do not average half-a-mile  
per day.

All the trestles between Big  
Sandy bridge and Richardson, on  
the Big Sandy division of the C. &  
O., have been filled except the one  
at Griffith's creek, where the arch  
culvert is not yet completed.

## Death of Mrs. T. S. McClure.

After several years of ill health  
and many months of intense suf-  
fering, the earthly existence of  
Mrs. T. S. McClure came to an end  
at two o'clock last Tuesday after-  
noon. To her the Death Angel  
must have been a welcome mes-  
senger, worn and racked with pain  
as she was, and already to enter  
upon the better life that awaits the  
faithful christian.

During the past eight weeks she  
had been at the home of her hus-  
band's parents, Mr. and Mrs. G. C.  
McClure, at Gallup; and in her  
last hours she was surrounded by  
family and friends. Every wish  
of hers that it was possible to car-  
ry out was met by the devoted  
husband and other relatives. For  
a long time it had been plain to  
all that she could not recover.  
Heart disease, bringing about a  
fatal form of dropsy, was the cause  
of her death. The trouble began  
about eight years ago, and for the  
last four years she had been a con-  
firmed invalid.

The funeral took place Thursday  
morning at nine o'clock at Gallup,  
and a special train took the re-  
mains to Ashland immediately af-  
terward for interment in the cem-  
etery.

The funeral services were con-  
ducted by Rev. G. W. Howe, pas-  
tor of the M. E. Church, and Rev.  
Pendleton, of the Walnut Hills  
Christian Church, Cincinnati, the  
latter being a particular friend of  
the family.

Mrs. Mary Davis McClure was 38  
years old; a consistent christian  
and member of the M. E. Church.  
She was married ten years ago to  
Mr. T. S. McClure, and he survives  
her, together with her mother, the  
widow of Mitchell Davis; and a  
sister, Miss Rebecca Davis; and  
brother, T. J. Davis, cashier of the  
First National Bank of Cincinnati.

Recently an inquisitive woman  
was talking to James Whitcomb  
Riley on how poorly paid was the  
profession of literature. "But Mr.  
Riley," said she, "surely you have  
no cause for complaining. You  
must be a very rich man. I under-  
stand you got a dollar a word for  
all you write." "Yes, yes, madam,"  
said Riley, with his slow drawl,  
"but sometimes I sit all day and  
can't think of a darned word."

LICK CREEK

In our last letter from this place  
we failed to note the name of Neva  
Miller as a pupil of this District  
who had neither been absent nor  
tardy during the month ending  
August 26.

Our people are much encouraged  
over the prospects of a new road  
up our creek. A thing most need-  
ed of all things now in this coun-  
ty. The new review is supposed  
to take the road out of the creek  
as far as possible. The road now  
crosses the creek twenty times,  
and in icy weather it is almost im-  
possible to travel. A road of more  
importance is not to be found any-  
where in the county as it is an out-  
let direct from Steep Gut, Meads  
Branch, Georges creek, the bend of  
the river and a direct route to  
Paintsville and upper Sandy towns.  
The willingness of the free holders  
on the line to allow passage through  
farms &c, is openly expressed, and  
no reason now prevails why the  
road should not be built in the  
near future.

A little altercation occurred on  
our creek last week which came  
near resulting fatally; but fortun-  
ately better judgment prevailed  
and nothing serious occurred.

Atty. D. C. O'Neal was a legal  
visitor here last week, with en-  
couraged prospects for another vis-  
it soon.

Mrs. John Graham, of Hunting-  
ton, daughter of our venerable  
Clergyman, Rev. John R. Chapman,  
is visiting here.

The members of the Upper Lick  
Creek school will give a pie mite  
soon for the purpose of purchasing  
an International Dictionary and  
globes for the school.

The following pupils were neith-  
er tardy nor absent at school dur-  
ing the month ending September  
22d.

Lettie Gunnell, Mart Cochran,  
Charley Stratton, Andy New, Fred,  
Ira, Lee and Andy See, Neva Mil-  
ler, Gipsy Thompson, Willie Com-  
pton, Dave, Mary Ellen and Peggy  
See and Albert Peterman.

Jesse Thompson, whose foot was  
badly crushed by a falling cross-  
tie recently, is out again. He is  
much improved.

The funeral of George Thompson  
of Little Blaine was largely at-  
tended by our people.

## Tired

that's all. No energy, no vim, no vigor, no ambition. The head aches, thoughts are confused, memory fails. Life becomes a round of work but half accomplished, of eating that does not nourish, of sleep that fails to refresh and of resting that never rests. That's the beginning of nervous prostration.

"I never had anything do me so much good as Dr. Miles' Nervine. I was tired, nervous, sleepless and without energy. I know of nothing so good for indigestion and general building up of the system."

Rev. L. P. Nye, Fairburn, Ga.

## \$11,000 CASH

Will be Yours if You Estimate Nearest the Vote of Three States.

OPEN TO OUR SUBSCRIBERS.

Already announced, the BIG SANDY NEWS has arranged for its subscribers to take part in a contest in which \$25,000 is to be paid to those who make the nearest correct estimates as to what the total vote of New York, Pennsylvania and Michigan will be in the races for Governor next November. Read our big advertisement and find out all about the plan. The vote of these states for several years past is given therein, so that all may be saved the trouble of looking the matter up.

It was originally our intention to allow an estimate only with each dollar paid on advance subscription, but we have now decided to allow an estimate with each \$2.00 paid on back subscription before Sept. 1st. Also, every subscriber who pays up or ahead and procures one or more estimates with same, may enter as many additional estimates as he desires at the rate of 50 cents for one estimate, or \$1.00 for three.

Numbers on our premium offer which has been standing for some time will not be given with any payment that is accompanied by an estimate.

It is costing the News no small amount to furnish its subscribers with this great privilege and the terms prescribed will not be varied from the least for any one.

The earlier your estimates are in the greater the prize will be if you are the nearest estimator.

## The 8 Hour Day

Which the working man has fought for and succeeded in obtaining is something the wife has no share in. Her day begins before he and ends long after he, as a rule, and many a night her rest is broken by the baby's fretfulness. The healthiest woman must wear out under such a strain. What can be expected then of those women who are weakened by womanly diseases?

Women who are weak, worn-out, and run-down will find new life and new strength in the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

Sick people are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and is absolutely confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I suffered with female weakness about eight years—tried several doctors but derived no benefit until I began using Dr. Pierce's Favorite Prescription," writes Mrs. John C. Geyer, of Danville, Boyle Co., Ky. "This medicine was recommended to me by other patients. I was taken as before and I feel like another person."

The dealer who offers a substitute for "Favorite Prescription," is only seeking to make the little more profit, paid on the sale of less meritorious medicines. His profit is your loss. Refuse all substitutes.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

## ESTER.

Rev. I. N. Fannin, of Fairmont, W. Va., is here visiting his parents, Rev. Isaac Fannin. He preached quite an interesting sermon at the church at Bolts fork Sunday morning. Bro. Fannin is a Kentucky boy and one we should be proud of. He and wife and two children leave here Monday for Berber, W. Va., where his wife and children will remain till he goes to the annual conference.

Rebecca, the wife of A. R. Stewart, is very low and not expected to live.

Quite a number went from here to quarterly meeting at Grassland, among them were: J. C. Buckley and wife, T. R. McGlothlin and family, Chas. Higgins and others too numerous to mention.

Charlie Fannin, of Culbertson, was the guest of Lora Shephard one day last week.

Mrs. Levi Webb, of Webbville, was out last week to see her brother Rev. I. N. Fannin.

Miss Celia F. Petry returned to her home at Webbville Friday. She has been attending school at Mud Lick for some time. We are sorry to lose her, for Celia is a bright girl and she will be greatly missed.

Andrew Buckley and Lester Fannin were out from Fallsburg Monday.

Chas. Easton and Miss Laura French attended the Circus at Ashland Saturday.

Dave Thomas and Miss Ollie Stewart drove out from Rush Sunday evening.

Not Doomed For Life.

"I was treated for three years by good doctors," writes W. A. Greer, McClellinsville, "for Piles and fistula, but when all failed, Bucklen's Astringent Salve cured me in two weeks." Can be used for burns, cuts, corns, sores, eruptions, salt rheum, piles or no pay. 25c at A. M. Hughes drug store.

GEORGE'S CREEK

Mrs. Baz Castle was here Saturday visiting Melissa Boyd, who is not improving.

Leo Boyd has been on the sick list for a few days, but is some better.

Prayer meeting is going on in our neighborhood conducted by Melroy Copley, W. S. Martin and Saul Williams. We hope good results may follow.

Rev. Q. L. Ruse and C. C. Ruse will preach a Sunday school sermon here on the 4th Sunday in Sept.

James Boyd went to Peach Orchard Thursday.

John Ward and wife, of Rockcastle, visited relatives here this week.

Tom Jeff Collins preached a very interesting sermon to a large congregation Sunday.

Miss Anna Williamson is visiting on Rockcastle.

Typhoid fever and flux are still raging here.

The body of John Davis, who was murdered at Catlettsburg, was taken through here last week en route to Walnut Grove for burial. Several from this place attended the burial and it was a very sad scene.

Harrison Danley has returned from West Va., where he has been at work.

James Boyd is talking of visiting at Ivy.

E. D. Boyd and wife visited Anderson Boyd Sunday.

Cracker Jack.

DEVoured BY WORMS.

Children often cry, not from pain but from hunger, although fed abundantly. The entire trouble arises from inanition, their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. 25c at A. M. Hughes.

WIT AND WISDOM.

It does not take the short-sighted man long to reach his limit.

People never think of reporting it to the police when their picture is taken.

It does not take liquor long to lick a man.

A man must be able to melt his hearers before he can melt their opinion.

There is plenty of spirit in the average glib-tongued story.

A person does not have to be a student of facial expression to be onto all the wrinkles.

It cannot be said that figures of speech do not lie.

A good many musicians seem to think that a string band is a good thing to tie to.

Miners Wanted.
